SPECIAL PREMIUMS FOR AMATEUR DAHLIAS AT WISCONSIN STATE FAIR

In addition to the regular premiums offered by the State, we offer the following specials:

	1st	2nd	3rd
Best display of Dahlias, roots valued at \$10	\$5.00	\$3.00	\$2.00
Best Vase of Miniature Singles, roots of Coltness Gem Hy- brids, value \$3.00	2.00	1.00	
Best vase of Pompons, roots of Pompons, value \$3.00	2.00	1.00	

"Away back when" we offered our first premium for amateur dahlias the display was nothing of which Wisconsin need be unduly proud. Last year the Dahlia display dominated an especially fine showing of amateur flowers. In recent years it has been necessary to use special police to move the crowds who wished to visit the display in the Horticultural Department. This year we have the promise of an addition to the building, thus giving more room for display.

Plan to attend the Wisconsin State Fair this year and make an entry of your flowers. No matter how beautiful they are, they will not help the fair nor win you a premium if left at home.

LEST YOU FORGET WE SAY IT YET—

Our dahlias are grown in territory free from the corn borer.

Delivered anywhere in United States on receipt of price.

We guarantee roots to be true to name and to reach you in a condition to grow. Planting and cultural instructions with each order.

We cannot guarantee the weather or your care.
If you are not willing to give the plants reason-
able care, your order is not solicited.

In addition to "elbow grease" liberally applied with a hoe or rake, we use and recommend Vigoro as a fertilizer.

The leaf hopper is probably the worst pest you will have to contend with. We have found Derrisol an efficient control and not objectionable to use.

All early orders—accompanied by cash—will receive a special premium.

"Short accounts make long friends"—so please remit promptly for orders placed in the Fall.

The Decorative type still leads in popular favor. Jersey's Beauty was the "best seller" in our garden last year. A good stock of Jane Cowl enables us to offer this very satisfactory variety at a price below that asked by most growers. Planted and shown beside a number of others, Sagamore is ahead of any other golden yellow. We consider Newport Wonder the best single. Sent postpaid on receipt of price.

FITCHETT DAHLIA GARDENS, JAMESVILLE, WIS.

Our 1930 list sent herewith makes a number of price reductions. Orders placed last fall will receive the benefit of the lower price. Fall orders paid in advance will receive bulbs to twice the value of the reduction.

We will replace any variety that fails to grow—if you will send us a postcard with its name and your address.

Place a stake with name beside each variety when planting, then any that fail to grow are easily identified
